

# Green Bay Police Department

APRIL 2022

## Traffic Safety Plan

Traffic complaints are the #1 complaint made to the Green Bay Police Department and City Alderpersons. The police department is committed to safe travels for motorists, pedestrians and bicyclists. With a goal of reducing traffic crashes, property damage, injury and death on Green Bay’s roadways, the police department will use a data driven approach for traffic enforcement. Data analytics from crash data, citizens complaints and speed boards will be used to identify traffic emphasis areas. Each month’s report will be posted on the police department’s website and will be presented at each months Traffic, Bicycle and Pedestrian Commission meetings.
